Choices for Cataract Surgery

Titanium (Multifocal Toric)

Includes Custom Refractive Cataract Package*. This *Multifocal Toric* (astigmatism) correcting lens implant gives the astigmatism patient the best opportunity to be spectacle-free.

Custom Multifocal and Astigmatism Package with LenSx \$3900 per eye

Platinum (Multifocal)

Includes Custom Refractive Cataract Package* and a *Multifocal* correcting lens implant gives the non-astigmatism patient the best opportunity to be spectacle-free.

Custom Multifocal Package with LenSx \$3600 per eye

Gold (Toric)

Includes Custom Refractive Cataract Package*. This Toric implant reduces the patients' pre-existing astigmatism and dependence on glasses for distant vision. **Reading glasses will still be required.**

with LenSx \$2900 per eye

Silver (Monofocal)

Includes Custom Refractive Cataract Package* and a *Monofocal Aspheric* lens implant (corrects distance vision only). **Reading glasses will still be required for astigmatism/near vision correction.**

With LenSx \$2050 per eye

Saskatchewan Health Coverage

Includes an A-Scan Ultrasound measurement of the eye with a *Monofocal Aspheric lens* (corrects distance only). The surgery is performed the traditional way through the Saskatoon Health Region. The cataracts are removed one at a time with approximately 4 -6 weeks between surgeries.

Choices for Cataract Surgery Continued

Custom Refractive/Cataract Package Description*

IOL Master 700 -Biometry Laser Measurement- Ten times more accurate than a basic A-Scan Ultrasound

OPD III - Corneal Topography/ Wavefront Analysis- Aids in incision planning and implant selection

ORA – Continuously monitors the measurements of your eye during cataract surgery. This incredibly accurate, real-time display of the eye provides an unprecedented level of valuable information to customize your procedure and give the best visual outcome.

Satisfaction Guarantee

Your refractive cataract procedure is backed by the Conlon Continued Care Commitment. Our goal is 100% patient satisfaction. There is no charge for cataract refractive enhancements within the first year, if deemed necessary.

Fees for elective/uninsured products and services must be paid in full prior to the date of surgery. Cash, Certified Cheque, VISA, MasterCard, American Express, and Interac Debits are accepted.

A receipt will be issued for these uninsured products and services to be used for income tax purposes if applicable.
